

ST. ANNE'S EPISCOPAL SCHOOL

AFFINITY GROUPS

Affinity groups at St. Anne's provide an opportunity for students and parents with similar backgrounds and experiences to gather in a safe space where they can share pieces of their backgrounds and build common connections in their community. We hope that these opportunities help individuals to gain a deeper understanding of their own and others' stories. Our intent is to provide a safe forum for meaningful and personal dialogue that strengthens a sense of belonging in our community as well as ownership and pride regarding one's own identity.

ST. ANNE'S EPISCOPAL SCHOOL

ALLIANCE GROUPS

Alliance groups at St. Anne's provide an opportunity for students and parents with similar backgrounds and experiences to gather in a safe space with allies who want to support them. People can share pieces of their backgrounds, listen to others' experiences, and build common connections in their community through learning now to create union across diversity. We hope that these opportunities help individuals to gain a deeper understanding of their own and others' stories and how they can work together. Our intent is to provide a safe forum for meaningful and personal dialogue and learning that strengthens a sense of belonging and allyship in our community across differences.

PAIGE

Chair: Tiffany Drees & Stefanie Bakken

PAIGE stands for Parent Allies for Identity and Gender Equality. We meet at least once per trimester to share resources for helping children have a healthy, positive sense of themselves. Every family is unique, with different family dynamics, as well as cultural, social, and religious influences, and PAIGE aims to meet family and community members where they are, providing a safe space to ask questions and share experiences.

SAIGE

(Middle School students only)

Chair: Kelsey Smith

SAIGE stands for Student Allies for Identity and Gender Equality. We are a group that was started based on requests received from students who wanted to build community and share experiences. SAIGE provides safe space for students to be themselves, to support one another, and to learn.
